Virtual Program. <https://us02web.zoom.us/j/8812682098>

We are happy to report that good progress was made at the 13th Open-Ended Working Group on Ageing April 3-6, 2023. We are getting closer to securing a legally-binding document for the human rights of older persons, thanks to the expertise and work of many, including our speaker today. Claudia Mahler, the Independent Expert on Enjoyment of Human Rights by Older Persons. Join us at this virtual program for an update on the goals, highlights and accomplishments at this important meeting and a discussion of next steps.
